8. **Subdivision**
   - **A. North 40 Subdivision Phase 5 Geotechnical Waiver Request:** Waiver request reviewed by Leona Stredwick as included in the packet and on file, reminding the board that this was presented at the February meeting but no action was taken due to no quorum. She also reiterated that previous phases of development in this subdivision have been granted a geotechnical report waiver.

   **Planning Board comments/questions:** Responses are in italics are from Leona Stredwick unless otherwise noted.
MADISON COUNTY PLANNING BOARD
MEETING MINUTES
Madison County Administration Building, Public Meeting Room
April 29, 2019

- Laurie Schmidt: Do buyers of these lots get a copy of a geotechnical report? No, because this is a waiver excusing the developer from completing a geotechnical report.

MOTION: To grant North 40 Development a geotechnical report waiver for North 40 Subdivision Phase 5. Moved by Ethan Kunard; seconded by Laurie Schmidt. Motion passed unanimously.

9. Monthly Report: Leona Stredwick reviewed the monthly report, as included in the packet and on file. Pat Bradley inquired as to how extensively we utilized the services of the Beaverhead County Planner, to which Leona Stredwick indicated services were utilized minimally. Laurie Schmidt inquired as to when the Growth Policy needed updating, to which Leona responded that Charity Fechter, former Planning Director, suggested updating it after the next census.

10. Old Business
   A. Planning Director Replacement: Leona Stredwick shared that the new Planning Director, Alex Hogle, begins on May 1, 2019. He has already been working roughly ten hours per week on a couple of subdivision preliminary plats.

   B. Planning Budget Committee Report: Rita Owens reviewed the budget summary, as prepared by Cody Marxer and on file, noting that current staff promotions should be considered, in addition to board trainings and workshops. The budget will be reviewed by the Commissioners on May 23, 2019, at 10 a.m.

Planning Board comments/questions: Responses are in italics are from Planning Staff unless otherwise noted.

- Darlene Tussing: Where is the reserve fund information? Staff will inquire with the Finance office and Planning Director. Budget Committee should meet with Alex Hogle prior to BCC review.

- Pat Bradley: Who has previously paid for Board workshops? BCC and extension office.

- Dave Maddison: This is out of the Board’s realm. Darlene Tussing rebutted that the Board can be supportive by providing information.

- Laurie Schmidt: Need to push changes to job descriptions. Jacqueline McCurdy reiterated this point. Staff added that they would be more comfortable if this was pursued by the Board.

- Pat Bradley: How much input does Human Resources, the CAO, and Finance have on this budget? The majority of input will be from these positions. How and where do staff positions fit on the county wage scale? Leona Stredwick responded that Planners are on the Administrative Assistant scale, Planning Clerk is on the Clerk scale, and Planning Tech is on the Tech scale.
MADISON COUNTY PLANNING BOARD
MEETING MINUTES
Madison County Administration Building, Public Meeting Room
April 29, 2019

- Jacqueline McCurdy: The Board should provide and push job
descriptions/changes. Darlene Tussing suggested that staff explain all these
details to the Planning Director.
- Laurie Schmidt: The Budget Committee should meet with the new Planning
Director, then prepare to support him at the budget hearing.

The Budget Committee will meet with the Planning Director on Wednesday, May 8,
at 1 p.m. in the Planning office.

C. Other: None.

11. New Business
   A. Ennis Subdivision Regulation Review: Leona Stredwick reviewed the Ennis
Subdivision Regulations, as in the packet and on file, reiterating that the Board will handle the
review, public hearing, and make a recommendation to the Town of Ennis. Lincoln Roberts
further explained that Great West Engineering put this document together, and the town
requests Planning staff and the Planning Board to review and make a recommendation.

Planning Board comments/questions: Responses are in italics are from Leona
Stredwick unless otherwise noted.
- Darlene Tussing: When do they want this done? Not entirely certain; will inquire
  with the Town Clerk.
- Tamara Millican-Wood: Who drove this project? Lincoln Roberts responded that
  the Town of Ennis drove this project but wants the county to review it. If this is
  just a draft and not the final document, then there is no reason to review it.
  Should the Planning Director review it first? The Madison County Planning Board
  serves as the town's Planning Board, so the Board is required to review it.
  Lincoln Roberts added that the town has been working on this for roughly four
  years and has been using Madison County's subregs in the meantime.
- Pat Bradley: Many errors in wording and resulting questions are raised in this
document; specifically but not limited to governing bodies. There are also
attachments missing. The Town of Ennis should review this document again and
provide a more final draft for review. The Planning Board should be evaluating
policy instead of typos and inconsistencies in wording.
- Laurie Schmidt: Should we add this to the May agenda? Let's table it until we
  have had further discussion and clarification with the Town Clerk.
- Darlene Tussing: We should follow the same procedures from this process with
the Twin Bridges and Sheridan communities.
- Pat Bradley to Lincoln Roberts: Can we expect more subdivision in Ennis?
  Lincoln Roberts responded that there is ongoing development in Ennis,
specifically North 40. Then it's important that we address these subregs.
B. Site Visits, Tours and Presentations: Discussion of destinations included Garnet USA, the Talc mine, Sun West and Big Sky.

C. Planning Board Member Contact Information: Cody Marxer will prepare an updated contact list for the board and have it available at the May meeting.

D. Planning Board Member Reports:
   - Laurie Schmidt: Requesting full staff and board member introductions at the May meeting.
   - Ethan Kunard: The Montana Watershed Council is hosting their fall tour at the Missouri Headwaters Basin September 11-13. This is a unique opportunity to share information about our area, as growth in both Madison and Gallatin counties is up. Inviting all board members to attend, as available permits.
   - Pat Bradley: Legislation bill #241 passed, which translates to a 1% increase in tourist tax (applies to Big Sky). Wondering how Big Sky communities will use this funding; hoping it is directed toward affordable housing in that area.

In honor of observing the Memorial Day holiday, the next Planning Board meeting will be held on Tuesday, MAY 28TH, 2019, at 6 p.m. in the Public Meeting Room of the Madison County Administration Building in Virginia City.

14. Adjournment: Adjourned by acclamation at 7:07 p.m.

Cody Marxer, Secretary
