Bob discussed several line items of his budget, some of which remained the same, several of which were reduced, and one was increased, for an overall budget reduction of $2,000. Conducting in-house training whenever possible, as well as the use of MACo instructors, has saved money over hiring outside trainers, and he mentioned that there are 125-135 people within the County that must stay current with CPR training. Denny reviewed timing, progress and logistics for the new Harrison site, meant to replace the Pony and Cardwell sites, asked about proceeds from the sale of solid waste sites and had insurance questions, and Vicki discussed funds. Crew clothing needs and costs were briefly discussed. Denny reviewed new legislation and procedures for the junk vehicle program, said that he and his staff will attend training, but the budget is not ready to be discussed and was postponed to a later date.

With no further business, the hearings concluded at 3:45 p.m.
